

CSN 1st Greece ICT Shipping Conference 2022

Steps to a digital world onboard

A brief analysis of an eight years journey

Efstratios F. Arvanitidis MSc, MBA
ICT Manager Fleet Division

Back to the future (?)

Why VSAT?

Crew retention & welfare

Crew Productivity

IT Infrastructure maintenance and real time remote support

Reduce total satellite communications cost

Telemedicine

Telemetry

Training & Conferencing

Real time video transmission in case of urgent service support

Where have we been?

Low BW links / No Global coverage

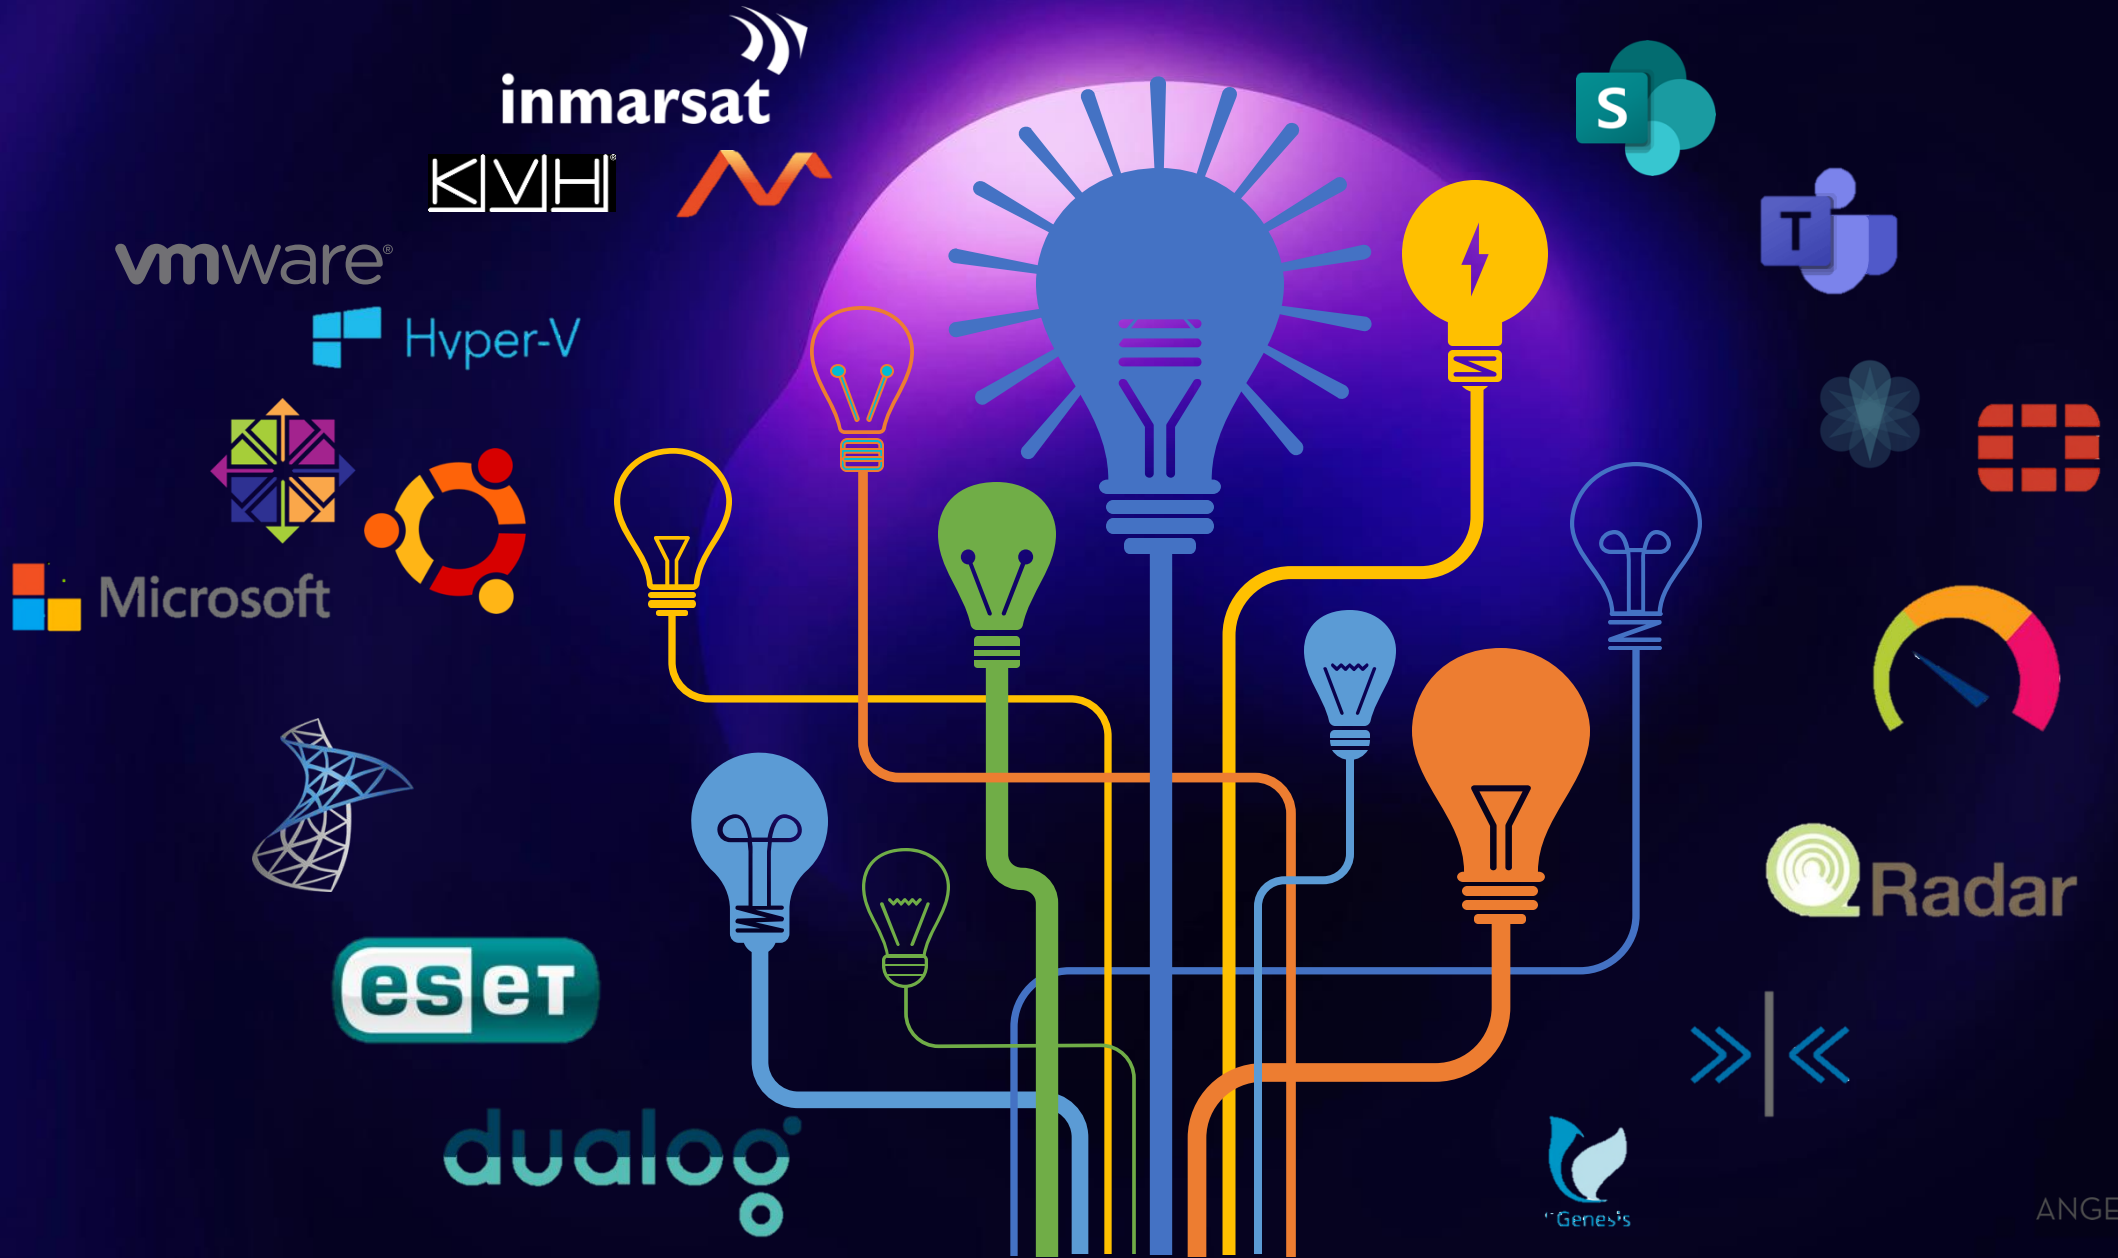

Stand alone Workgroups

No telemetry

Primitive to no Cyber Security

Paper based daily tasks

Where are we now?

Where are we heading to?

One unique dashboard for monitoring the complete ecosystem

100% Paperless

PBi reporting

Better connectivity

Thank you!
